

SMALL BUSINESS TASK FORCE

Key Areas of Responsibility

The purpose of the Task Force is twofold:

- Ensure that the services and benefits offered by the CBC meet the needs of its small business members, and
- Providing small business with a stronger voice to government with a focus on improving business outcomes for small businesses in the Capital Region

Some of the issues this taskforce is considering include: business red tape and regulation, the cost and delay regarding security clearances, confusion regarding IR laws, delays in government agencies making tender decisions, the reasonableness of OH&S regulations, uncertainty of tax rules, plus others that the meeting identifies.
